

A CONTAINERISED CHEMICAL DISTRIBUTION HUB

Limabix and Limabix North West Cleaning Systems, together with SSG Cleaning, partnered with SA Polichem, a fully ISO-accredited chemical supplier to establish a containerised chemical decanting and dilution facility in the North West Province.

The facility is designed to stimulate local employment and skills development, and community members are engaged in:

- Mixing and decanting chemicals
- Product packaging and labelling
- Distribution and local retail marketing

This initiative provides a pathway for sustainable micro-enterprises and reduces dependence on external suppliers. The facility will sell the following products:

CERTIFICATIONS

- ISO 9001:2015 Reg Firm Manufactured Products
- International Food Grade Approval Certifications
- Environmentally Friendly Products

FOOD AND HOSPITALITY

- Food grade approved detergents and disinfectants for the hospitality and food processing industry
- Bathroom cleaners and disinfectants
- Floor care products
- Industrial laundry products
- General purpose detergents

HOUSEHOLD CLEANING

- Super strength dishwashing liquid
- Bathroom cleaners and disinfectants
- Kitchen cleaners and disinfectants
- Washing powders
- Bleach
- Floor cleaners

INDUSTRIAL

- Water based environmentally friendly degreasers for mining and workshop cleaning
- Antifreeze for automotive and heavy-duty machinery
- Solvent degreasers
- Hand cleaners
- Car care products
